The image shows a screenshot of a social media application interface. At the top, there is a navigation bar with a search icon, a search input field containing the text "Search", and several icons for home, menu, back, and power. Below the navigation bar is a text input field with a speech bubble icon and the placeholder text "Post a text message...".

The main content area displays two posts:

- Post 1:** By Tim Archer, dated 29 May. It features a profile picture of a man in a military-style uniform. The post contains a URL: <https://social.msdn.microsoft.com/Forums/azure/en-US/d7765773-74b8-4860-b07c-b9731a2210c7/performance-of-range-queries-on-partition-keys-and-row-keys?forum=windowsazuredata>. The title of the post is "Performance of Range Queries on Partition Keys and Row Keys" in red text. Below the title is the "msdn" logo and the URL "social.msdn.microsoft.com". A "Comment" button is visible at the bottom right of the post.
- Post 2:** By Illia Pinchuk, dated 8 May. It features a profile picture of a man. The post contains a URL: <http://www.lifebuzz.com/old-scrapbook/>. The title of the post is "He Saved 669 Children During The Holocaust... And He Doesn't Know They're Sitting Next To Him." in red text. Below the title is a photograph of a large group of people seated in an audience. A red circle highlights a man in a suit and glasses in the lower right portion of the photo.
